

Generic

- Execution of Stanome Apps
- Jobs in Stanome Apps

Execution of Stanome Apps

Click **EXECUTE** (Fig. 2) from any App to open the execution dialog box. Execution requirements vary for each App but generally, three objects are expected - inputs, parameters, and outputs. Select the right objects from the drop-downs and click the Submit button.

Jobs in Stanome Apps

App execution results are displayed similar to the jobs list window in a project and can be accessed by clicking the **VIEW JOBS**  icon (Fig 3).
